SHAURYA GUPTA

EMPLOYMENT HISTORY

FREELANCE iOS DEVELOPER **2024 - Present**
Self-Employed (Client Projects)
- Built and delivered Swift/SwiftUI features for client iOS applications from requirement to release.
- Translated product ideas into scoped tasks, polished interfaces, and production-ready app flows.
- Maintained quick iteration cycles with bug fixes, UI refinements, and performance improvements.

FOUNDER & iOS ENGINEER **2025 - Present**
SpendSmart
- Developed a free, open-source iOS app for receipt capture, AI-assisted categorization, and spending insights.
- Shipped end-to-end product workflows and focused on practical, student-friendly finance UX.

FOUNDER & SOFTWARE ENGINEER **Jul 2024 - Present**
Ace It
- Built an AI-powered study app that generates flashcards and quizzes from student notes.
- Selected in buildspace Season 5 grant cohort from a large global applicant base.

ROBOTICS TEAM MEMBER / VOLUNTEER **2024 - Present**
FIRST Robotics Competition Team 5406
- Contribute to team robotics activities and support FRC competition operations as a volunteer.
